Court Manor Stud Dispersal Affects Virginia Breeding

*Sun Briar Leaves State Enriched With Progeny To Carry On Noted Line

With the dispersal of the late Willis Sharpe Kilmer's far-famed Court Manor Stud and the retirement of ***Sun Briar** last October, Virginia lost at one and the same time its most richly prized thoroughbred nursery and its greatest sire. However, it is to a much deserved rest that this mighty progenitor goes for the balance of his days and one that will not be begrudged him, for he has left the state greatly enriched in sons to carry on his line. So far the most proven of these is **Pompey**, who has been the leading sire at Arthur Hancock's Ellerslie Stud in Charlottesville for a number of years, with renowned sons of his own in **Ladysman, Osculator** and others. Another son, **Sun Meadow**, with less opportunity to mate with outstanding producers, has been

New Ky. Stallions Add Competition For Older Sires

BY J. A. ESTES

In Kentucky, as throughout the country, the competition among thoroughbred stallions is getting stronger. In addition to the still flourishing sires with established reputations, such as **Man o'War, *Sir Gallahad III, *Bull Dog, *Sickle, Chance Shot, Chance Play, Jamestown, The Porter**, and others, we now have an exceptional flock of young 'uns demanding their place in the sun. Room has to be made for horses like ***Blenheim II, *Boswell, Brevity, Bull Lea, Chance Sun, Cravat, Fighting Fox, Firethorn, He Did, Johnstown, Ladysman, *Mahmoud, Mate, Menow, Omaha, Reaping Reward, *Rhodes Scholar, Stagehand, Trace Call**, and others whose credentials are such that any of them may reasonably be responsible for the champions of the next few years. In Kentucky this year will stand the largest group of successful and highly promising stallions in the history of the State.

A lot of these youngsters are going to be failures, or very moderate successes, not because they are bad, but simply because there are so many good ones. There are not enough places on the success list to go round. And if competition in Kentucky has increased greatly, it has increased nothing like so much as the competition from outside the State. The tempo of the old game has picked up. Nobody's laurels are safe from here on.

Forty-Five Stallions Provide Wide Range For Md. Breeders

Maryland Authority Finds Breeders Looking Towards Future With Confidence

BY "SELIM"

In presenting the list of stallions available to breeders in this issue of The Chronicle, its editors are contributing a worthwhile piece of information and something one might cut out and paste up for further reference in time to come. In the Maryland section of the list will be found the names of some forty-six stallions, whose fees range from the $10 Remount Service fee of **Canadian Ensign** to as high as the $2,500 being cheerfully forked over by a number of breeders convinced that the game is NOT going to pot just yet, and that a great horse, such as ***Bahram** is worth the price demanded for his services.

The list is somewhat smaller in number than has been the state's stallion roster for some years, but the quality level is definitely higher than has ever yet been the case in Maryland. In the, of necessity, brief space, of this article I shall try to tell briefly something of the Maryland stallions that may be of help to those unable to take the necessary time to come and see them all. I shall deal with them alphabetically as the stallions are so listed.

Action, first get now coming to the races, reported to have shown well in works in Florida. Good sized, rangy horse—***Aethelstan II**, 11-two-year-olds from first American crop, 1940. Great, powerful, rugged horse of wonderful vitality..***Bah-**

National Steeplechase Proposed For Hunters To Encourage Amateur

To encourage the sporting amateur of the foxhunting fields to again take part in Hunt Meeting racing, thus recreating the hunt meetings as originally devised, when friends came from miles around to see fellow followers astride favorite hunters in racing competition, the Middleburg Race Association has tentatively carded The National Hunter Championship Steeplechase for its spring meeting to be held on April 12. This race has been so conditioned as to encourage entries from recognized hunts from throughout the United States and to arouse interhunt racing competition by means of a $1,000 Hunt Panelling Fund Benefit Purse.

Fine Opportunity For Thoroughbred In California

Racing All Year With Large Purses Provides Incentive Unless Regulations Interfere

BY CHARLE E. PERKINS

Until 1933, when pari-mutuel betting was legalized in California, there had been no racing for almost a generation and consequently the breeding of thoroughbred horses was at an extremely low ebb.

Previously thoroughbred breeding had been carried on in quite a large scale. The great Rancho Del Paso Stud of Mr. Haggin, where incidentally **Rubio**, which won the Liverpool Grand National of 1908, was bred, had, I believe, more brood mares than have ever been assembled in this country in one stud.

There were a number of other breeding establishments which bred race horses which carried their end of the plank wherever racing was conducted, and California at that time was second ony to Kentucky in the breeding of race horses of the highest class.

However, when betting was prohibited, racing died, and with it died or nearly died the breeding of thoroughbred horses.

When the Racing Bill was passed in 1933 the interest in breeding suddenly sprang to life again and since then not a month, perhaps hardly a week, passes but someone goes in for breeding—some on a large scale like Rancho San Luis Rey, which breeds for the market—some with only one or two mares—but since we had little or no breeding stock to begin with we have had to de-

New Jersey Racing Will Aid Breeders Throughout State

BY NEIL NEWMAN

Thoroughbred breeding in the State of New Jersey bids fair to receive a forward impetus when racing is resumed in that state as the Racing Commission will doubtless decree bonuses for breeders of horses bred in New Jersey. F. Wallis Armstrong has been breeding many high class horses in New Jersey ever since he acquired **John P. Grier** from Harry Payne Whitney. **John P. Grier** has sired at the Meadowview Farm a number of high class winners such as **Stand Pat, Dini**, and it was here that the great **Cavalcade** was foaled as well as **Spy Hill. Mont Blanc** also stands there but Mr. Armstrong made a great contribut-

Agua Caliente's 2nd Steeplechase To Farragut

Former Montpelier 'Chaser Scores In Caliente's Battleship To Defeat Yammer

What more appropriate than that Agua Caliente's second steeplechase handicap of the season, carrying the name of Mrs. Marion du Pont Scott's famous Aintree winner **Battleship** and run last Sunday, January 19, should be won by **Farragut**, a horse bred and developed here in Virginia by Mrs. Scott herself! The 5-year-old son of **Annapolis—Little Muff**, now racing for Otay Stable, was the undisputed class of the field, as he came like "a veritable steam engine" in the last half mile and pulled away in the stretch under Jockey Clements' handling to win easily by about ten lengths. Saving the place by a half length was another Virginia-bred gelding, Robert A. Riticor's **Yammer** who had displayed considerable promise in winning the El

New York Horses Hold Great Page In Turf Annals

BY NEIL NEWMAN

Although there are relatively few thoroughbreds now domiciled in New York, the Empire State has a glorious racing and breeding background. It was Col. Delancey of New York City who imported, just prior to the American Revolution, the famous **Cub** mare that proved to be the ancestress of many of the greatest horses in this country. It was Francis Morris who backed Richard Ten Broeck in his English invasion and brought about the importation of **Eclipse**, the founder of the **Domino** line. It was in Westchester County, N. Y., that **Alarm** was bred, it was here that **Ruthless**, the first Belmont winner, saw the light as well as her sisters of the "Barbarous Batallion", **Relentless, Remorseless, Merciless**, and **Regardless**. The unbeaten **American Eclipse** was foaled on Long Island not far from the present Aqueduct track.

In later years General Sanford and his sons bred **Molly Brant, Caughnawaga, Rockton, Chuctanunda** and many other great winners at their Hurricana Stud and here it was that **Iolanda**, dam of **Mioland** was bred. The late Willis Sharpe Kilmer bred **Sun Flag, Sunference, Sunnyman** and **Sunspero** at his Sun Briar Court, Binghamton, N. Y., and the late James Butler bred **Spur, Sting** and **Questionnaire** at his Eastview Stud, Westchester County.

211 Thoroughbreds Are Winners Of 338 Stake Races

States Outside Of Kentucky Producing Stakes Winners On Major Tracks

Though the majority of the 338 stakes won on the flat by 211 winners at tracks in North America in 1940 were won by Kentucky-breds, widely scattered states contributed 17 stakes winners. Kansas, Massachussets, Michigan, Missouri, Nebraska, North Dakota, Oregon, South Carolina, Tennessee, Texas and Washington had sires whose progeny won stakes in the past year, though some of these were restricted stakes, for home-breds of the state carding the event. Nebraska and Washington had winners of such geographically restricted events in **Bubble Bloom** by **Bubbler** and **Campus Fusser** by **Gladiator**, respectively.

Out in Kansas, where 26 sires are listed, **Prince Pan**, a **Peter Pan** horse, begot **Jeff's Pride**, a stakes winner.

In Massachussets, ***Grandace**, who formerly stood in Rhode Island, was the sire of **Weigh Anchor**, stakes winner. Six thoroughbreds are listed at stud in this state.

Michigan's one sire getting a stakes winner was **Casino Pete**, a son of **Peter Hastings**. There are but 8 thoroughbreds listed as standing in this state.

Woolford Farm's late **Insco**, sire of the Kentucky Derby winner **Lawrin**, had **High Fidelity**, **Inscolassie**, **Joe Schenck**, and **Technician**, stakes winners out this year, all sons and daughters of this ***Sir Gallahad III** horse. There is a listing of 12 horses in Missouri.

Nebraska also had **Buning Star**, a stakes winning sire, among the 24 thoroughbreds standing there.

A Remount horse, **Stars and Bars**, had **Night Editor**, campaigning in his 6th year, recording two stake victories, to bring renown to North Dakota, where 12 thoroughbreds stand at stud, mostly for Remount purposes.

Up in Oregon, where stand 21 thoroughbred sires, ***Mio D'Arezzo** got the mighty **Mioland** for the Charles S. Howard string. In the adjoining state, Washington, there are 23 thoroughbred sires, with **Gladiator's** son succeeding in a Washington-bred stake.

Tennessee's **Shine O'Night**, as a 3-year-old took down 2 good stake efforts to bring recognition to ***Man O'Night**, whoes grandsire is **Phalaris**. **Shine O'Night** is out of a daughter of **Noah**. South Carolina had **My Feng**, as a 5-year-old accounting for a stake, to bring credit to **Kai Feng**, his sire.

Texas leads all other states in number of thoroughbred sires with 169 in the roster. The thoroughbred industry is just getting under way there in earnest. Three stake winners of this past season came from horses standing in the Lone Star State. **Sortie** got **Valdina Myth**, winner of 3 stakes; **Whichone**, the ***Chicle** sire, got **Whichee** winner of one and **Hygro**, son of ***Epinard** had his 3-year-old son **Camp Verde** triumph once

Next to Texas in number of thoroughbred sires is California with 157, just 2 in number ahead of Kentucky with 155. Still the Blue Grass State sent out over 110 Kentucky breds to win important stake races, while California had 12 stakes winners, and some of these won restricted stakes.

American Harriers Form New Division At N. Y. Hound Show

The New York Hound Show, which will be held at the Riding and Polo Club, 7 West 66th Street, on January 31, will return to the scene of many famous shows of the past, but the prize list has been tuned to the present day with two interesting innovations. Combining the classes for English foxhounds with cross-breds is no startling change, due to the limited number of entries in both divisions, but the new division for American Harriers is a change, which is destined to make bench show history.

Judges for the English and Cross bred at the New York Hound Show will be Will Woodward, of Montreal, and Fred Eggleston of the Shelburne Foxhounds; and Harry T. Peters Jr. of Syosset, L. I., will judge both groups of harriers. Mr. Daniel C. Sands, M. F. H. of Middleburg, Va., will judge American Foxhounds; Mr. J. Stanley Reeve of Haverford, Pa., the Welsh Foxhounds; Mr. Frank B. Carter, Jr., of Weston, Mass., for bassets, and Mr. Dean Bedford of Fallston, Md., for beagles.

A luncheon for exhibitors and members of the Masters of Foxhounds Association and the National Beagle Club will be served in the main dining room. Adequate facilities are available for hunt servants, and they will have their luncheon in the gentlemen's sitting room on the second floor of the clubhouse.

Augury Triumphs In Sierre Madre Over *Kayak II

Neil McCarthy's 4-Year-Old Filly Defeats One Of Leading Eligibles For Santa Anita 'Cap

Neil S. McCarthy's good 4-year-old filly **Augury** set her nimble hoofs on the right path to what looks like a successful return to her stake-winning form of a year ago when she further distinguished herself by defeating one of the leading eligibles for the $100,000 Santa Anita Handcap and former winner of the same classic as she led Charles Howard's ***Kayak II** across the line in the Sierre Madre Purse which served as the 1941 debut for the famed South American and brightened the Santa Anita card of Thursday, January 16.

Though she opened her 4-year-old season with an earlier triumph over the same six furlongs on January 2, then shared a dead heat place with **Carmenita** behind **Rough Pass** several days later, last week's performance was the most important staged by the Virginia-bred daughter of ***Happy Argo—Minnant** since she won the $3,000 Ormone Handicap at Hollywood Park last June. It was during the opening weeks at Santa Anita last year that **Augury** attained her biggest triumphs, however, chalking up three straight victories before she was ever headed, including the rich Santa Maria and Santa Susana Stakes. Though **Augury** had an eleven pound pull over the older horse in last week's weights, the 126 pounds allotted ***Kayak II** was the lightest impost she has carried in some time and all of five pounds under what he toted when he beat **Specify** in the Sunset Handicap at Hollywood Park last August.

Another youngster from the loins of a Virginia sire sported Neil McCarthy's colors to victory at Santa Anita last week when the first-time starter **Outbid**, juvenile son of the Brookmeade stallion, **Psyche Bid**, sped three furlongs down the straightaway chute on top of a maiden field on January 17. Among the recent 2-year-old winners down Florida way, the filly **Media Luna**, Court Manor-bred youngster by ***Gino—Sunburn** for whom King Ranch paid $1,900 at Saratoga last year, returned a goodly portion of her purchase price with her very first effort as she carried the Texas establishment's brown and white silks home at Hialeah on January 16, besting some 13 other maidens over the Miami track's three furlong nursery course.

The Maryland-bred **Mowseen**, 5-year-old gelded son of the late **Mowlee** who has raced for Miss Gloria Dicks for the past two years or so, annexed the featured handicap purse on Oriental Park's opening day card last Saturday, January 18, racing the Havana track's six furlongs ahead of **Sneaky Henry**, **Warring Witch** and others. Two 4-year-olds of Maryland breeding ran a dead heat out at Santa Anita on January 15 when W. L. Brann's **Chaldese** and Circle S. Stable's **Wise Father** finished as one in the mile allowance race that was the sixth offering on the day's card.. **Chaldese**, a son of ***Challenger II**, was bred by his owner, while **Wise Father**, by **Balko** or **Identify**, is of Alfred Vanderbilt's Sagamore Farm stock.

The following list contains all winners by sires standing in Eastern states which have scored during the past seven days, from Wednesday, January 15, through Tuesday, January 21.

284 Thoroughbreds Come To America In Past Year

War Conditions Directly Responsible For Greatest Influx Of Thoroughbred Stock

During 1940 there were 284 thoroughbreds imported to the United States and registered with the Jockey Club at 250 Park Ave., New York. Of this number, there were 251 brought to North America from England and France and 33 from South America and Australia.

This tremendous increase of importations is of course directly due to the war. Thoroughbred nurseries, flat racing and steeplechasing will benefit bountifully with the introduction of top class stake horses and horses with outstanding heritages of the leading blood lines of Europe. The Jockey Club list is complete, as printed elsewhere in this issue, with the exceptions of those horses brought to this country without intentions of racing or breeding. A number of thoroughbred hunters have been reported as imports, but do not appear in the Jockey Club list.

The Jockey Club listing was submitted in the order of registration. However, The Chronicle has reorganized this list, so that the importers names will appear in alphabetical sequence.

Patrons and owners of the steeplechasing sport in the United States appear frequently in the list of 53 persons importing horses. Outstanding owners who brought over horses from England and the Continent, presumably for steeplechasing purposes are George H. Bostwick, F.

STAKES WINNER IN THREE SEASONS

WINNER OF $121,305

Cravat raced at two, three, and four. He was a stakes winner in each season and earned $121,305. At two Cravat won the Maplewood Stakes, was second in the Maplewood Handicap. At three Cravat won the Yankee Handicap (1 3-16 miles in 1:56 1-5, **new track record**), Jerome Handicap (mile in 1:36 2-5, beating Can't Wait, The Chief, Menow, Sun Egret, Bull Lea, Fighting Fox, etc.), was third in Belmont Stakes (beaten two necks by Pasteurized and Dauber), Classic Stakes, and Narragansett Special.

In his 4-year-old season Cravat won the San Juan Capistrano Handicap (1½ miles in 2:30 2-5, **new track record**), Suburban Handicap, Brooklyn Handicap (1 1-8 miles in 1:48 1-5 under top weight of 126, **equaling track record**, beating The Chief, Can't Wait, Fighting Fox, etc.), and Jockey Club Gold Cup (two miles in 3:23, beating *Isolater, etc.).Cravat also was second in the Hollywood Gold Cup (under top weight of 126, 1¼ miles in 2:02 3-5, **new track record**), Saratoga Cup (to *Isolater, 1¾ miles in 2:56 1-5), Manhattan Handicap (carrying 120, beaten half-length by *Sorteado, 112, 1½ miles in 2:28 2-5, **new American record**), and third in Aloha Handicap (carrying 130, won by *Sorteado, 109, 1½ miles in 2:29, **new track record**), and Pimlico Special (to Challedon and *Kayak II).

Cravat represents two of the most powerful bloodlines. *Sickle has twice been America's leading sire and consistently among the leaders. Other sires of the same male line are among the most potent sires in America, England, France, and elsewhere. Man o'War's daughters are among the most sought after mares in this country. Cravat is a full brother to Jabot (also a stakes winner in three seasons). Each of *Frillery's six daughters is a producer. Two of the three sons of *Frillery which were not gelded while in training are sires. They are Bunting and Overall.

Hunting Notes-:

MR. STEWART'S CHESHIRE FOXHOUNDS

Unionville,
Chester County,
Pennsylvania.
Established 1914.
Recognized 1914.

Saturday, January 11, 1941

When I mounted my horse in the Whitney stable yard at five minutes of eleven this morning I was quite fully convinced that it was too cold and windy for hounds to run, and besides, the ground was like iron, so it would be no fun galloping even if we did have a hunt; all of which only proves how very little one knows about scent and how quickly one's idea of a hunting day changes.

Bernard's Thicket, the first draw, was unavailing; but on reaching the Jones farm someone reported seeing a brace of foxes break covert. Hounds immediately spoke, and crossing the road and railway ran slowly in the direction of Mosquito Lane and checked in the wood at the top end of the Jones farm. Our fox was viewed here pointing his peaked mask for Hood's Corner. Scent suddenly improved and hounds running at a fair pace kept Hood's Corner on their right, and sinking the vale, crossed the railway and were at fault on the north side of South Hill for several minutes, then ran over the State Road to Club Hill proper, and crossing the Ryan gallops, bore left-handed to Stony Battery and on through Bernard's Thicket to sail away across the beautiful Doe Run valley towards Mullin's Hill; but swinging right after crossing the road, ran on at a very pleasant pace to mark their fox to ground on the duPont hillside facing Springdell. The time—forty minutes, and one had quite forgotten the cold and the frozen going.

After the formalities at the earth, hounds were jogged down the road to Fulton's Sheep Hill, and finding at once, we were off again on the line of another stout customer who treated us to as delightful an hour and thirty-five minutes of most interesting hunting as anyone could desire. From the Sheep Hill hounds ran quite fast over the Fulton meadows, and keeping the farm buildings and the wood on their right, led us down country through the Quarry to Woodside, to be brought to their noses in Brooklawn Wood, but carried on to the Upland Road, where several motors evidently turned our fox, as hounds ran to the road and turned sharply back; then keeping the Master's house on their left, ran slowly through Saw Mill Wood and dwelt several minutes on the Honeysuckle bank facing the State Road. Evidently Reynard was turned again here; at any rate, these industrious bitches carried on to Upland where the pace improved again, and going quite strong through Upland Wood, across the broad Chesterland fields nearly to the old lane, then swinging southward to the State Road, ran on to MacFarland's, dwelt again, and picking it out with difficulty, crossed the Stanton farm to London Grove, ran over the Upland Road to the Hick's wood, turned right to Percy Pierce's, where his wheat field slowed things up a bit; but on reaching the sound turf in dear old Bill Kerr's meadow, they ran well through Pierce's swamp to Flagg's, where another cold wheat field momentarily halted operations. Then a holloa from the direction of the Street Road gave the Huntsman a hint, and galloping hounds to the view, they ran well half way across Landhope and were finally beaten, but in no sense disgraced, on the edge of Arthur Meigs' West Pasture, after a really great exhibition of perserverance and ability under most adverse conditions.

POTOMAC HUNT

Great Elm Farm,
Rockville,
Maryland.

Established 1910.

Recognized 1931.

Saturday January, 11.

Potomac Hounds met at Travilah and cast to the north from the meet. Almost immediately they got up a fox and had a splendid run for almost an hour. They denned above Darnestown and the field was faced with a long cold hack of about 9 miles back to the vans.

Tuesday January, 14.

The meet was at Mr. Boswell's corner and the cast was made to the northeast. Hounds drew several coverts before they picked up a big, red fox which gave them one of the longest and hardest runs of the season to date. The fox swung east, then south, through Mr. Clagget's bottom, across Mr. Julian's place, over Rockville-Potomac Pike, through Mr. Butts' farm and swung again west on Mrs. Brower's farm, in a wide circle across Bell's Mill Road. From there on hounds ran through Mr. Cranford's place again crossing Rockville-Potomac Pike.

At the Pike most of the field pulled out, due to tired horses. A few went on to the den, north of Normandy Farms. It was a great day.

NEW JERSEY RACING

ion to the bloodstock industry of the state when he imported **Easton** last summer.

William La Boyteaux has a pretentious stud near Holmdel, known as the Hop Creek Farm. Here stand **Jack High, Caruso** and **Teddy Weed** and it was here that **Pagliacci** was bred. Joseph M. Roebling stands the speedy **Case Ace** at his stud at Harbourton, N. J., and this son of ***Teddy's** first foals will be of racing age this year. W. W. Vaughan recently purchased **Neddie** at the Kilmer dispersal sale and will stand this son of **Colin** alongside **Catalan** at his stud near Red Bank. **Cocked Hat** and **Knave High** also stand near Red Bank, the property of the Woodland Farm, while **Sting** is at the Stromboli Farm, Wrightstown, N. J. and Mrs. Dora V. Kellogg has a very popular sire in ***St. Elmo** at Pennington, N. J.

Horses bred in New Jersey have written glorious pages in the racing and breeding history of this country. Possibly the best horse ever bred in that state was **Henry of Navarre,** bred by Lucien Appleby at his Silverbrook Stud, but of all the stud farms in New Jersey none was more successful than Pierre Lorillard's Rancocas Farm where he bred **Caiman, Democrat Dominic, Sibola,** who won imperishable renown in England, to say nothing of the great mare **Dewdrop,** who died as a 3-year-old and her stable companion the great racemare and producer **Wanda,** the ancestress of **Durbar** the Derby winner, **Fairy Wand, Genie** and **Epithet.**

with **Peanuts** the lord of the harem, and other thoroughbreds now in New York include ***Bimbo 3rd** at Goldens Bridge; **Demonstration** also stands here, while the Jockey Club stands several stallions throughout the state, notably **Gallant Prince, Curate, Royal Guard, Thunderation** and ***Rosedale 2nd.** Among the Remount stallions now in New York, **Bright Haven, Challenge Cup, *Larking, Race Riot** are worthy of mention.

An effort is being made to rebuild the breeding structure in New York State and this will be aided by the various racing associations in this state establishing races limited to horses bred in New York State and later they may establish breeders' bonuses for horses bred in this state in all races, similar to conditions prevailing in California.

NATIONAL STEEPLECHASE

Continued from Front Page

Members of the Middleburg Committee anticipate carding the proposed race, as outlined in full below, subject to the $1,000 purse being fully subscribed. The race will be over four miles of flagged hunting country with every jump in full view of the spectators.

Solicitations for subscriptions to this $1,000 Hunt Panelling Fund Benefit Purse will be made from recognized hunts to the amount of $10 per subscription. Each subscription will entitle subscribing hunts to the privilege of starting a hunting hunter. More than one horse may run from any given hunt, with the payment of an additional $5 starting fee per horse.

The course will be so designed that it will demand a hunting performance, rather than a racing performance. Tractability, just as on a good day with hounds, will be essential. The final jump will be more than 1-4 of a mile from the finish and the run-in will be at right angles to the final fence, eliminating the possibility of a "timber race" driving finish to the last jump. Speed arresting in-and-outs and twisting turns will tax further the best efforts of the hunting man and his hunting-hunter.

"Hunters" will be those horses who have hunted with a recognized pack in 1940-1941, and riders, members or subscribers of recognized hunts as so considered by a general concensus of members and subscribers of a hunt having an entry or entries.

The Raymond Belmont Memorial National Hunter Championship Steeplechase will be run as a pink coat race with a level weight of 185 pounds for all. This weight was decided upon as the average weight that a man's hunter carries afield with hounds.

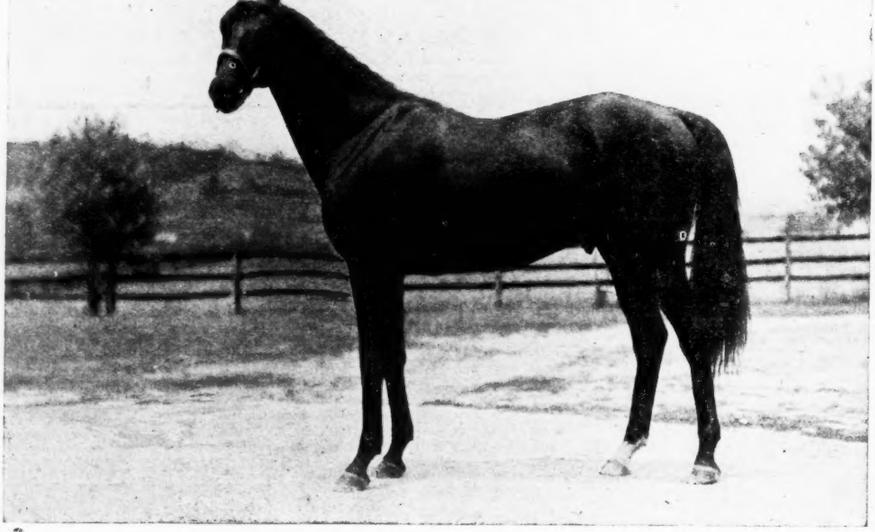

Named after the late Raymond Belmont, a foxhunter, a polo player, a steeplechase rider and sportsman, the race should excite the ambition of every follower of a recognized hunt. The popular late Mr. Belmont rode **Oracle II** to finish first in the Maryland Hunt Cup and had many other steeplechasing triumphs to his credit. There is additional significance in the "National Hunter Championship," a coveted title for any favorite hunter.

The race is outlined as follows:

THE RAYMOND BELMONT MEMORIAL National Hunter Steeplechase Championship Purse $1,000 Hunt Panelling Fund Benefit. For hunters of Recognized Hunts of the Masters of Foxhounds Assn., hunted during the season 1940-1941. Entries to be made in name of owner and name of hunt. Owner of winner to receive a silver bowl, presented by Mrs. Raymond Belmont, which is to be held until the next running of the race, also an added plate which is to be his or her absolute property. Purse $1,000, of which $700 to the panelling fund of the hunt from which the winner is entered; $200 to the panelling fund of the hunt from which the 2nd horse is entered; $100 to the panelling fund of the hunt from which the 3rd horse is entered. Weight: 185 pounds. To be ridden in pink by gentlemen members or subscribers of Recognized Hunts of the Masters of Foxhounds Assn. Entrance Fee: $5. About four miles over a fagged hunting country.

FARRAGUT

Continued from Front Page

Primero Handicap two weeks earlier. **Yammer** just lasted, however, after leading much of the 2 1-2 mile journey, to get home before the oncoming Marylander **Perfect Liar.**

The $2,000 Battleship Steeplechase Handicap brought nine starters to the post, of which **Farragut** was the crowd's choice and burdened with topweight of 156. Somewhat of a disappointment was F. H. Hammond's Canadian gelding **Favorsome**, 151, who bolted from the course while going boldly on top at the fourth jump. **Favorsome's** numerous and businesslike victories over hurdles in Canada last year, when he sometimes toted as much as 170 pounds, gave promise of better things. Another Canadan who failed to get home was Joyce M. Hartley's **Somers Choice,** 147, winner of the previous week's Piping Rock Steeplechase, who lost his rider at the 8th fence.

First away from the post was D. Ohlandt's 11-year-old **Devolta,** 140, who held sway no further than the first jump, where he came to grief in a smasher and **Favorsome** went out on top. Meanwhile **Yammer, 148,** was carried along by colored Jockey Corum close to the pace and took over the command the moment **Favosome** bolted at the Liverpool. Fencing nicely as he did in his previous outing, **Yammer** then drew out to a long lead, placing fully fifteen lengths between himself and the rest of the field during the first mile and a quarter.

Farragut offered no resistance in the frst half of the race, indeed appeared to bobble a trifle at his earlier fences, but settled down to a steady performance and soon was gallopng along in second position, well back of **Yammer.** In the second half, the latter began to show signs of the pacemaking strain and before the last two fences had been neared, **Farragut** had made his move. Wearing down the leader with powerful strides and taking his final fences with sensational boldness, the former Montpelier gelding came easily to the front and was far in the lead entering the stretch. The final mishap occurred two fences from home when C. R. Kramer's **Sky Folly,** 139, lost his rider as he followed the field. With **Farragut** the winner by a full ten length margin, a far closer race ensued between **Yammer** and **Perfect Liar,** 140, as the latter just missed getting the place. J. M. Geiser's **Walter B.,** 134, closed another six lengths away and the last to get home was R. Duffy's **Paul B.,** 132.

Farragut's last start under Montpelier silks was in the Grand National Steeplechase Handicap at Belmont last October when he finished fourth behind ***Cottesmore, *Dolly's Love** and **Oneechee,** in company with such other stake horses as **Red Rain, *Bachelor Philip** and **Big Rebel.** In his very first outing, as a 3-year-old, **Farragut** defeated a field made largely of older and more experienced horses, when he won the Bull's Eye Steeplechase at Aqueduct in September of 1939. Last year at Saratoga he defeated the stake winner ***Dolly's Love,** as well as ***Fay Cottage,** the Foxcatcher National winner **Cartermoor** and others. With such form as he displayed on Sunday, **Farragut** is apt to be among the top selections for the $10,000 Gran Nacional classic to be run at Caliente in March.

Beverley Race Course With Turf Three Hundred Years Old Threatened With Plowing

BY J. FAIRFAX-BLAKEBOROUGH

Beverley racecourse, on which there has been racing for nearly three hundred years, has been threatened. Years ago Carlisle lost its old track because of the stupidity of the then existing race committee, who got the wrong side of the Duke of Devonshire's agent. Wetherby course was moved to its present situation owing to the greed of landowners who asked more and more rent for the use of the old track. A few years ago York's famous Knavesmire was in danger of having no more racing owing to a misunderstanding between the Race executive and the Pasture Masters. As a matter of fact another track—not very far from Knavesmire—was selected but happily had not to be used. York's track and those at Beverley, Pontefract, Musselburgh and Lanark, are commons, belonging to the ratepayers. At some of them there has from time to time been trouble. Indeed, Lord Lonsdale once told the Doncaster Corporation that it was not absolutely necessary that the St. Leger should be run on their Town Moor! Then most of us (his lordship included) never thought it likely that the Yorkshire classic would ever be run at any place but Doncaster. Two wars, however, have made transference unavoidable, though the substitute races have never been the same thing or aroused the same interest.

Reverting to the threat to Beverley track, recently there was a danger that it was to be ploughed-out for corn growing. Not in our lifetime could it have been made a racetrack again, for turf takes long to settle. Here is what 'Beaver' says about it:

"Everyone realises the importance of growing as much food as possible at the present time but the general opinion in Beverley is against the ploughing-out of Hurn Pasture. The average Englishman has a rooted objection to his sport being interfered with by anyone, let alone Hitler, and most people who know the district argue that there is plenty of land in East Yorks that can be ploughed out without touching the racecourse and the beloved Hurn."

The threat has I understand been lifted.

At Southwell's next meeting my friend Mr. Alec Marsh will act as starter for the first time. He has followed the example of several other amateur and professional jockeys in turning starter. None should be better qualified to act as starters than those who have had long experience at the riding game. As an illustration of this I remember on one of the first occasions Bob Harper acted at Wetherby he asked me to go down to the post with him to give him a hand with a big field in a hurdle race. After several abortive attempts to get the horses in line, Bob at last lost his patience, thought he knew the state of Denmark, and called out, "Will those of you who are trying come up into line, and I'll get you off?"

Alec won his first race in 1929 when he rode **Common Good** at Warwick. I remember him riding three winners in succession at Catterick despite the fact that he was concussed by a fall during his second successful ride that afternoon.

A party of sportsmen foregathered the other evening at a Richmond (Yorks) hostelry (where hunting and racing men have for generations had a sort of Tattersall's) and, of course, the conversation speedily turned to racing, as it always does Malton, Middleham, Richmond and Beverley-way. One old-timer remarked that they 'got away' with things on the Turf when he was young which would certainly mean 'warning off' in this stricter age. "Yes", agreed another veteran, "And I can tell you of a Richmond horse which got a race because of a bit of deep-dyed villainy which resulted in nothing more serious than disqualification of the winner." Everyone sat up to listen and here is the tale:

"George Holmes, the Beverley vet and brother of John Holmes the jockey, sent a two-year-old filly called **Virtue** to James Watson here at Richmond to train. She was by **Stockwell** out of **Patience** and had been bred at the Rawcliffe Stud at York. This filly was in the Champagne Stakes at Doncaster. She had never run and Watson decided it was no use sending her to compete against Sir Jos Hawley's **Blue Gown,** which already had a big reputation and won the Derby the following year. He happened to tell Jim Snowden and Doyle, the Richmond jockeys of that day, that he did not intend to send **Virtue** to Doncaster, when Doyle gave him a mysterious wink and said, "You give her the gallop or two she needs and send her. Jim Snowden here will ride her, and all he's got to do is to get second. **Blue Gown** will win easily enough and the others will ease up so that Jim will probably have no difficulty in getting second. Mark my words, you'll get the race". Doyle would not give any explanation but was so emphatic that Watson saw he 'knew something' and gave Geo. Holmes the office. **Blue Gown** 'doddled it; **Virtue** was second, and when Wells, who rode **Blue Gown,** came to scale to pass, Doyle pointed out to the clerk of the scales that Wells was 'toeing the floor'. He was told to lift up his feet and then down went the scale with such a bang that it was evident he was a lot overweight. The Stewards were summoned and **Blue Gown** was quickly disqualified. Probably Sir Jos Hawley had not the least knowledge that Wells had put on weight which he could not (or would not trouble to) get off, but Doyle, who had had a row with him, knew that Sir Joseph's jockey had previously ridden **Blue Gown, Rosicrucian** and **Green Sleeve** overweight trusting not to be found out. They were three great horses which could carry any amount of weight and Doyle waited his opportunity to get his own back. He used to say that Wells carried more than 7 pounds over-weight in that Doncaster race.

It may be interesting to add to this story that despite his conduct, no disciplinary action seems to have been taken against Wells who won the Derby the following year on **Blue Gown. Virtue** ran only once again that season when Sir Jos. Hawley's **Green Sleeve** beat her at Nekmarket.

SEASON 1941

SUN BEAU

—Winner of 33 Races and $376,744—

SUN BEAU won ten races at 1¼ miles, his five best times being 2:01 3-5, 2:01 4-5, 2:02 4-5 (twice), 2:03 1-5. He holds, now the Arlington Park, 1⅛ mile record—1:49 2-5 (125 lbs. up).

A great horse is versatile! In 1931 SUN BEAU won a 6-furlong race at Agua Caliente, giving 10 to 25 lbs. to every other horse in the race. At the quarter-mile SUN BEAU was 9th in the 11-horse field, yet he won by 2½ lengths in 1:11, just 2-5ths off the track record.

*SIR GALLAHAD III, LEADING SIRE OF MONEY WINNERS IN KENTUCKY AND THE UNITED STATES

Progeny of the great *SIR GALLAHAD III won over $240,000 in racing efforts on North American tracks in 1940 to make the noted son of *TEDDY the leading sire of money winners the United States and incidentally lead all stallions standing in the Blue Grass State of Kentucky. CHANCE SHOT, also of Kentucky, was the second leading sire of winners in the United States, but $7,000 behind *SIR GALLAHAD III and almost $50,000 ahead of *BULL DOG, third in national standing and also of Kentucky. ----Sutcliffe Photo

*CHALLENGER II LEADING MARYLAND SIRE OF MONEY WINNERS AND 5th IN UNITED STATES

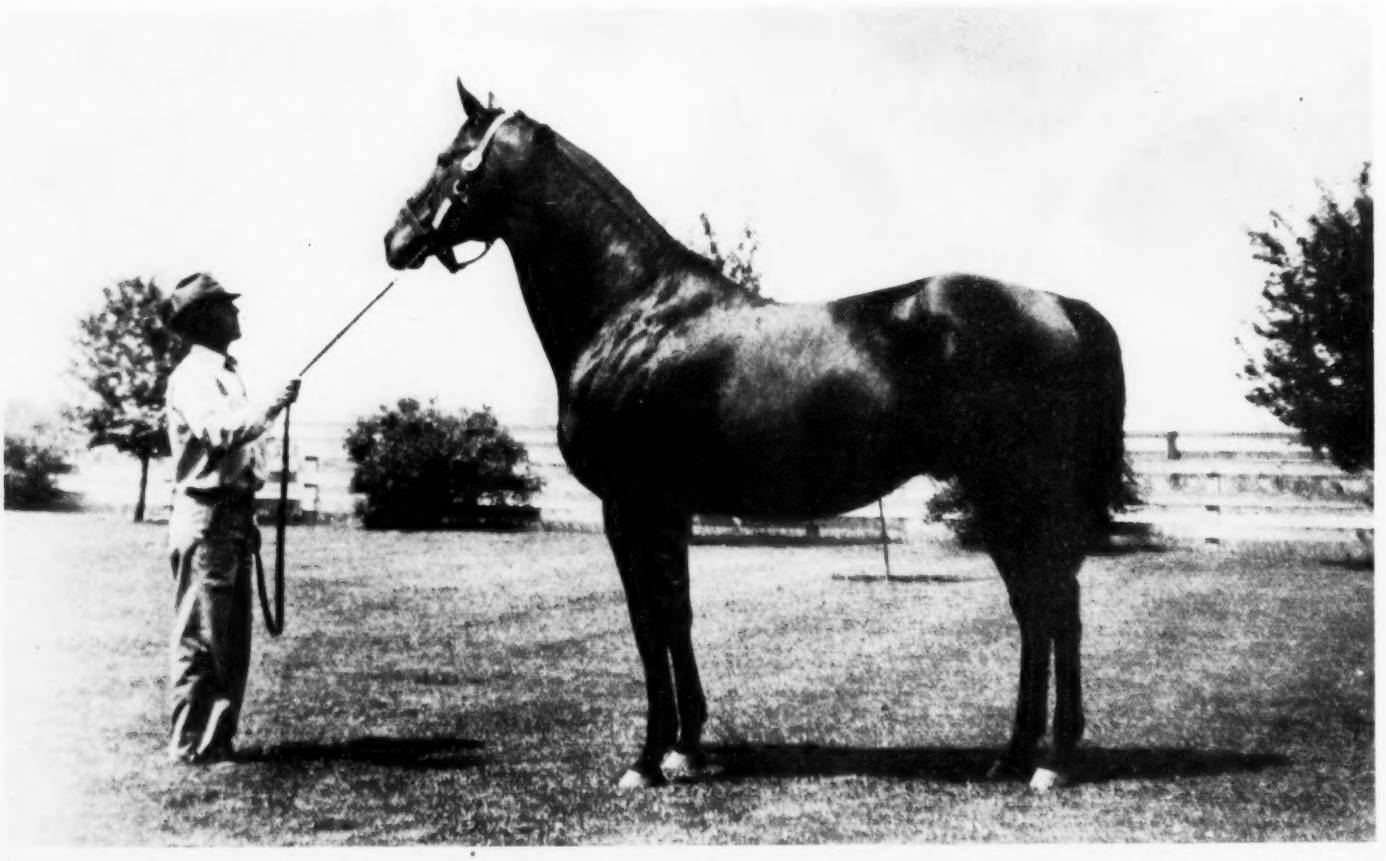

W. L. Brann's *CHALLENGER II, sire of the "Horse Of The Year" in 1940, begot winners of over $135,000 to lead the Maryland stallions and get 5th ranking in the national list. *CHALLENGER II stands at "Glade Valley Farm", near Frederick, Maryland. This is the second successive year that he had led all other sires of winners standing east of the Allegheny Mountains. ----Photo Courtesy of Glade Valley Farm

PILATE, LEADING VIRGINIA SIRE OF MONEY WINNERS, 13th IN THE U. S. A.

Virginia's leading sire of money winners was PILATE again, as in 1939. Standing at Abram S. Hewitt's Montana Hall, he got over 20 winners who won over $101,000. His outstanding stakes winner was EIGHT THIRTY, winner of the Toboggan, Surburban and Massachusetts Handicaps and the Wilson Stakes. A suitable conformation study of the 12-year-old FRIAR ROCK horse was not obtainable. Consequently this pose of him during his racing career, after winning in the mud is used.

*MIO D'AREZZO, LEADS OREGON SIRES IN PRODUCING MONEY WINNERS WITH MIOLAND

"The International Horse" *MIO D'AREZZO, 11-year-old son of LALAND, bred in Germany, is out of the Italian mare FEDERICO TESIO. His first three crops of 1935-36-37 were of but 18 foals, one dying before reaching racing age. He had 10 winners out this year winning over $98,000 to head the Oregon list by far. With PHARLOCH, 6-year-old son of *PHARAMOND II, he stands at H. W. Ray's Hawthorn Stud, Hillsboro, Oregon.

Buckram Joins With Kingsland For Joint Meet

125 Beagle Enthusiasts Meet On Long Island For Full Day Of Hunting

BY CLEMENT HOOPES

One of the largest beagling fields of the year attended the joint meet of the Buckram and Kingsland Beagles last Sunday, when more than one hundred and twenty-five enthusiasts followed hounds during the afternoon run on Long Island.

The Buckram Beagles met at eleven at their kennels at Hegeman's Lane, Brookville, and despite the chill January wind and frozen ground showed excellent sport. A hare was jumped soon after the first cast and carried across some difficult plowed fields in the face of a whipping wind and very poor scenting conditions. Hounds then worked her down some hard surfaced roads and across more plow before being finally whipped off an hour later.

Morgan Wing, Jr., joint master with John Baker, Jr., of the Buckram, then gave a luncheon for the Kingsland master, Philip K. Crowe and his staff.

At two-thirty the Kingsland Beagles of New Canaan, Conn. met at Mr. C. V. Whitney's stables in Old Westbury. The weather had not improved and if anything the wind had taken on an even frostier bite. The big fields across Wheatley Road were drawn blank as were subsequent draws in the surrounding territory. Finally the visiting pack was led by Mr. Wing to the Whitney race course, reputed a sure find, and spirits rose all along the line. The race course covers some hundred acres and hounds had pretty well exhausted every inch of it when at the extreme end a big jack was jumped. She headed straight for the field and some excited female turned her back almost into the hounds' mouths. This jack had been run before and, giving a fine dodging exhibition, ran through the pack and headed away across the fields.

Hounds were quickly lifted to the line and carried it to a state road on which some dozen cars were conveniently parked while others rolled leisurely over it. Old Harper, a Vernon-Somerset veteran, worried it across despite the gasoline fumes and the pack went away on the other side only to be brought to their noses by another road a quarter of a mile further on. This time the master cast hounds forward and was rewarded by finding the faint line again. Hounds then got together on grass and pushed their hare to the third road. The day was saved here by Dillon, huntsman of the Buckram, who said he had run this hare before and she always took a gravel driveway some distance down the road. Sure enough she had, and, after fifteen minutes working up to her again in a burned off lawn, hounds jumped her again, and ran her hard for another half hour.

By this time the long shadows were racing across the meadows and as scent continued to be sketchy hounds were taken off.

Mr. Herbert Bodman of Glen Head, gave a tea for the combined Buckram and Kingsland field where weary beaglers were regailed on hot wine and stronger potions. They deserved it for according to the pedometer of that indefatigible lady whip and statistician, Miss Polly Mathesius of the Kingsland Beagles, the distance covered was over fourteen miles for the combined meets.

THE THOROUGHBRED IN AMERICA

The list of stallions that is published in this issue of The Chronicle is as accurate as constant research for some weeks, communication with every breeder, and the cooperation of many owners of stallions throughout the country have been able to make it. It is published in The Chronicle in the belie fthat it will prove an interesting and helpful record for all who are interested in the thoroughbred and now that it is done, the immense number of these stallions speaks for itself. One cannot help but feel as one looks at column after column of stallions that here is the foundation of an immense industry to be handled with care and forethought.

To be exact The Chronicle has been able to record 1,440 stallions standing in America today. Five hundred of these are government remount stallions owned by the United States Government whose services are $10.00 and open to any owner of a mare, registered or unregistered. Another 22 stallions have just been imported due to the war in Europe. There is one unescapable conclusion, it is that America today holds the responsibility for the future of the thoroughbred horse in her hands. From France and from England, have poured the greatest blood strains of the century. This country now has the best of the blood lines in the world. With conditions as they are, with French thoroughbred stock a thing of the past and with much of the English blood already in this country, it is hard for anyone to say what the final outcome will be, but it is safe to say that what America does with her thoroughbreds will tremendously affect the history of these horses that have taken so many generations of care and development to create, one of the great achievements of the breeder's art.

Offhand it would seem that this great industry faces three dangers in this country, one that the American love of short distance races, and consequent demand for sprinters will injure the great staying strains that are here now and have been imported; secondly, that the insistence on racing two-year-old horses even before they are actually two years old will hurt some great prospects that, if left to mature, would not have burned themselves out and would have been given a better opportunity to prove themselves on the track and resultingly would have been allowed to prove themselves at stud. Finally, the growing popularity of racing among the public in general and pari-mutuel betting in particular has made of racing a great money making industry which is immediately subject to political skullduggery of the worst kind in which politicians may vie with each other in attempts to nick this Croesus for individual gain and political prestige.

Encouragingly enough, together with the great influx of new blood into this country, there has been evidenced lately through the efforts of a few farsighted men with the good of racing at heart, a swing back to distance racing such as was known in this country in the 18th and 19th centuries. It has been just a beginning, but the efforts have met with such instant popular approval, that the outlook is particularly bright for further experimentation with distance races that will enhance the staying blood threatened with extinction. As long as stakes are provided for two-year-olds, there will be horses entered in these races and such can only be decreased by public demand once it is shown that young horses are constantly asked to strain themselves to the utmost when bone and sinew are but half formed. There are some horses ruined from early racing every year. It must be hoped that it is not injuring the best of the breed. Legislators will do well to consider racing as a particular heaven-sent revenue producer that can be killed as quickly as the goose that laid the golden egg if taxes and unfavorable legislation is such as to seriously cut purses and discourage owners.

One great step to improve the thoroughbred is found in the Remount Service. Few people realize the extent of this Government Department that has some of the best bloodlines in the country. There is no doubt that many stallions are thus made available to breeders throughout the country to enable many good horsemen to breed thoroughbreds that might otherwise never see the light of day. Some may say that it might be better if many did not, but these useless ones soon obliterate themselves for, where there is no demand, there soon is no product.

Thoroughbred breeding now faces a period of American influence such as has never been known before. What comes of it in the next few years will be the responsibility of Americans. It is a task which should not be shouldered lightly. It has taken hundreds of years to develop the thoroughbred. It takes very few years, in fact but a moment to ruin a great horse. America must shoulder its responsibility with due respect. It is a great trust.

Letters to the Editor

Piping Rock At Caliente

The Piping Rock at Caliente
January 14, '41.
13151½ Sunset Blvd.,
Village Station
Los Angeles, Calif.

(Editor's Note: The following letter was delayed in air mail transit due to inclement weather and was written the day previous to Snap Lawson's schooling mishap on Mrs. Mary E. Whitney's **Hero Worship.** He is now in a San Diego hospital in in a serious state, with broken ribs and a punctured lung).

Gentlemen:

The Piping Rock Steeplechase on Sunday, January 12, at Agua Caliente was a $1,500 claiming affair at 1 3-4 miles. It had a purse of $800. It was a very mixed up race as there was a false start and **Perfect Liar** and **Paul B.** went a complete turn of the field before riders knew that the race wasn't being run.

In this false start **Glazenwood** fell over the 2nd jump, another horse fell on the back side and **Phantom Lee** was pulled up at the first fence and then ran off with his rider. After running all over the center field **Phantom Lee** was picked up by the pony boy.

Finally, all the jocks remounted. The horses back at the post again, they got away to a fair start. Some people blamed the starter and some the jockeys for the mix-up. As it was a perfect start and they were breaking looking right at the sun it was almost impossible to see the flag man. Regardless of whose fault it was, it left a bad taste in the public's mouth as **Perfect Liar** was the favorite and he didn't have much chance after having gone a turn of the field.

The race was run in 3:48, not bad considering the course. The fences are really very stiff and horses have to jump to finish. A crowd of 8,000 turned out to see the race, the 2nd chase of the Caliente meeting, which was won by Joyce Hartley's **Somers Choice,** a 13-year-old son of **Will Somers—Endurance II,** from Canada. Speed in the home stretch was the winning factor for W. King, rider. A 12-year-old maiden, named **Devolta,** brought back to the races last fall after being away for 8 years, led the feld over the final jump. **Glazewood's** effort was his first over fences.

Here at Caliente there is quite a lot of schooling going on as there are a lot of horses being made. They have built a 1-2 mile schooling course and a 1-8 mile corral with 6 brush fences in it so there is everything at the track that is needed to make a horse from the time he jumps his first fence, until he is ready to run.

I think that jumping will be as big or bigger out here than in the East in a couple of years, providing, of course, the California tracks put on jumping races and keep up the purses. There are lots of owners who are ready to make jumpers just as soon as they are sure that steeplechasing is here to stay, and I believe that it is, as everybody is very enthusiastic about it and lots of people come to the races just to see the steeplechases.

Nothing is being left undone by the people at Caliente to make it a success and they will even help a guy school his horse if he happens to mention that he would like to run him over jumps.

I haven't done any riding yet as I am waiting until I run some of Mrs. Whitney's horses. I hope to run **Hero Worship** and **Hard Lot** as an entry on January 26.

I am thinking of you all there all bundled up when riding while I am galloping horses in my shirt sleeves out here,

Sincerely yours,
Snap Lawson.

TWICE conqueror of the mighty Seabiscuit and Granville, a winter book favorite for the 1936 Kentucky Derby, NED REIGH was one of the bright stars of the shining crop of 1933.

As a juvenile, he won 5 races, including the BABYLON HANDICAP (defeating Granville, Seabiscuit, Speed to Spare, etc.), the JUNIOR CHAMPION (defeating The Fighter, Teufel, Granville, etc.), the WALDEN HANDICAP (defeating Challephen, Wise Duke, Memory Book, Maeriel, Seabiscuit, He Did, etc.), the TROY CLAIMING STAKES, etc. He was second once and third four times, including the NURSERY HANDICAP (defeating Sangreal, Red Rain, Grand Slam, etc.), the Spalding Lowe Jenkins Handicap, and the Pimlico Futurity (defeating Delphinium, Jean Bart, Snark, etc.).

A mishap en route to Louisville for the Kentucky Derby halted his racing career after he had finished second to Granville in a preparatory race, and fourth in the Wood Memorial (defeating Hollyrood, Tintagel, etc.).

At three NED REIGH raced but twice.

At four NED REIGH finished second once and fourth once. Though his showing was good, it was apparent that his long lay-off had dulled his racing edge, and rather than risk injury he was retired that he might be utilized in the stud. His splendid blood, magnificient conformation and outstanding record mark him as particularly fitted for the role of stallion.

His winnings on the track amounted to $25,575.

Through his sire NEDDIE (sire also of Nedayr, Good Goods, Black Gift, etc.), NED REIGH traces back to COLIN, COMMANDO and DOMINO. NED REIGH'S dam, REIGH NUN, is a stake winner and has also produced the winners Sun Abbot ($11,010) Veiled Lady ($12,675) Sun Cloister, Dark Nun and the producer Dark Convent. REIGH NUN is a daughter of *Sunreigh, (sire also of Reigh Count, etc.) and of Friary (by Friar Rock), dam also of Sun Friar ($21,703) Mint Friary (also producer) Sun Monk ($10,715) Dark Abbot (14 wins) and other winners and producers.

NED REIGH'S first foals will be 2 yr. olds in 1941.

AIKEN DRAG HUNT

Aiken.
South Carolina.
Established 1914.
Recognized 1918.

Joint-Masters Mrs. Seymour Knox and Miss Dolly Von Stade have issued a fixture card for the balance of the month of January. Hounds will run a drag, following the meeting at the Horse Show Grounds on Saturday, January 25, at 11:30 and again at the same time on Wednesday, January 29 from the Gamekeeper's Lodge.

The Aiken Drag for years has offered sport without comparision of its type in America. The size of the fence (the big lines include many Aiken fences of 5'-6" in height) and the speed in which followers go down through the cut rides in the woods has always been unusual.

There is a special Saturday drag for children in which grown people are requested to give the youngsters the right of way and keep well behind.

The Aiken card bears some sensible advise:

"Do not let your horse go at a fence until you see that your leader has landed safely. Do not cross or change from one panel to another because a place may look smaller. Keep your own line. Do not jump the same panel with anyone else, except by mutual agreement. If your leader is not holding his position, pass him between fences, not at a fence. Green horses, horses liable to refuse or slow horses should be started well back."

Continued from Page Two

Ambrose Clark, C. Mahlon Kline, Paul Mellon, Emile Pfizer, Stephen Sanford, Mrs. Marion du Pont Scott, Louis E. Stoddard, Jr., C. E. Tuttle, and Mrs. Esther du Pont Weir.

Ralph B. Strassburger imported more horses than any individual, 27 head in all. He has been for years an owner of one of the largest racing plants in France, the biggest American racing owner possibly in Europe. He has placed many of his younger imports in the hands of Fiske Waring, who now has 28 head in training in Aiken, S. C.

Louis B. Mayer imported 22 head in all, two of these from Australia, while Charles S. Howard, of **Seabiscuit** fame, brought 7 horses up from South America and 14 others over from England and France. Other big importers were Joseph E. Widener, 20 head; Arthur B. Hancock, with 18 head; Bert L. Squires, with 17 head; Robert Sterling Clark, who has operated a substantial stud in France for many years, with 15 head and Walter J. Salmon with 12 head. Mr. Clark's group included the dam of the Oaks winner ***Galatea.**

New additions to the United States stallion roster, from the imported list of horses in 1940, of course included ***Bahram, *Mahmoud, *Easton, *Rhodes Scholar, *Hairan, *Bel Acthel, *Sierra Nevada, *Saint Andrews, *Heliopolis, *Chrysler II,** as well as ***Hunter's Moon IV,** with his future still on the race track, and possibly a Santa Anita Handicap effort this March.

Imp. EASTON

Brown, 1931, by Dark Legend—*Phaona, by Phalaris

"A FINE ACQUISITION TO AMERICAN BLOODSTOCK"

The importation of *Easton has occasioned much comment among breeders both in America and abroad. One breeder declared, "His breeding cannot be excelled. But for the war I am certain he never would have been sold." Another adds, "Without exception I would rather have *Easton for this country than any other stallion in Europe." An English comment, "His sale has caused a great deal of disappointment in this country."

*Easton's male line has produced many top sires. He traces to Hampton and from his great-grandsire, Bay Ronald, descend such crack sires as Gay Crusader, Gainsborough, Hyperion, Solario, Son-in-Law, Bosworth, Oleander, Foxlaw, Foxhunter, Barneveldt, Wallenstein, and others. *Easton is out of a daughter of Phalaris, whose sons include the outstanding sires *Sickle, *Pharamond II, Pharos, Fairway, Manna, etc. L'Etoile, third dam of *Easton, produced the sire Ecouen and was a full sister to *Star Shoot (leading sire in five seasons).

*Easton raced at two, three, and four. He won 639,140 francs in France and Belgium and 3,369 pounds in England. At two *Easton won the Prix de la Reine Mathilde at Deauville. At three he won the Prix Ladas (one mile), Grand International d' Ostende (11 furlongs, beating Admiral Drake by 2½ lengths), and Select Stakes (one mile), was second to Colombo in the Two Thousand Guineas, and to Windsor Lad in the English Derby (beating Colombo, Tiberius, Admiral Drake, and others). At three *Easton also was third in the Grand Prix de Paris.

As a 4-year-old *Easton won the Lingfield Park Spring Stakes (one mile), March Stakes (1¼ miles, by four lengths), and the Ribblesdale Stakes at Ascot. He was beaten by Windsor Lad in the Coronation Cup at Ascot (by one and one-quarter lengths, with Caymanas four lengths away third).

JACK HIGH, LEADING NEW JERSEY SIRE

JACK HIGH had 37 winners of over 100 races in 1940, to head the New Jersey sires as the leading money winner. His get accounted for some $96,000. He had ANDY K, GENERAL JACK, JACOMAR and OVER DRAWN as stakes winners in 1940.

BON HOMME TOPS CALIFORNIA SIRES

BON HOMME was one of the leading sires of winners standing in California and like SWEEPSTER, the leader there, is a son of SWEEP. BON HOMME got 38 winners in 1940 of more than $51,000 in 88 races.

RECENTLY MOVED SWEEPSTER IN CALIFORNIA

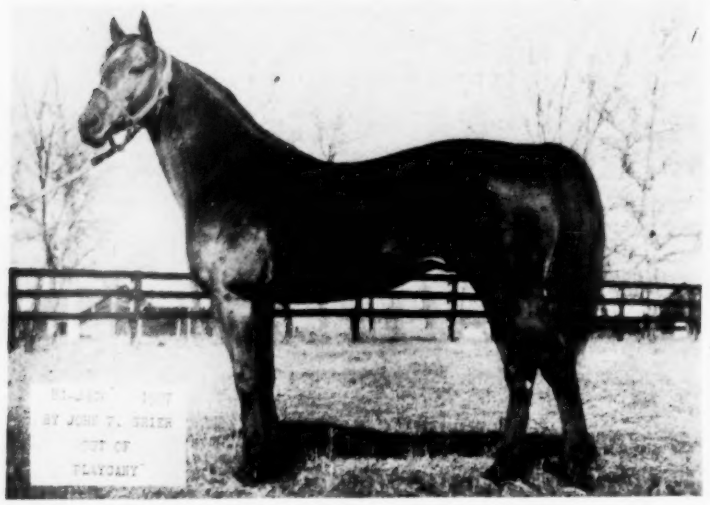

SWEEPSTER, like BON HOMME, is by SWEEP and stands in California. He was the leading sire in Canada through 1937, where he stood until 1935. After a year in Kentucky, he went West in 1936. He got SWEEPIDA, winner of the Santa Anita Derby and other California handicaps, the first California-bred to win such an important stake since MORVICH of 1919.

POMPEY SON, OSCULATOR, TOPS TEXAS SIRES

OSCULATOR heads the tremendous list of thoroughbred sires standing in the Lone Star State of Texas. OSCULATOR got some 25 winners of 65 races, accounting for over $42,405 in 1940. The class of mares, as well as sires, standing in Texas will undoubtedly bring this state into greater prominence as INSCO brought renown to Missouri, this year siring winners of almost $80,000.

ARIZONA HI-JACK GETS WINNERS OF OVER $41,000

HI-JACK brought Arizona recognition in the production of winning thoroughbreds in 1940. His progeny won some 71 races and $41,150 in 1940. Like JACK HIGH he is a son of JOHN P. GRIER.

WHISKALONG, TENNESSEE LEADING SIRE OF WINNERS

Down in Tennessee WHISKALONG led the sire list. The son of WHISK BROOM II got 31 winners of 72 races through December 4 in 1940, to account for $38,012. He is owned by the estate of the late Mrs. Thomas Regan.

In The Country:-

The Porters & Frozen Going

When the S. Prentice Porters, he Master of Mill Creek Harriers, (Ill). arrived in Virginia this week, their many friends greeted them with: "No wonder we're frozen up." The Porters came down last season, arrived the very first of the 40 day freeze, when hardly a hunter or hound stirred for this lengthy period. They stuck it out last year, waited until the weather opened and enjoyed marvelous sport with at least five Virginia Hunts. They are staying with Dr. Edmund Horgan, M. F. H. of Cobbler Hounds. Mr. Porter is considering riding in "The Raymond Belmont National Hunter Championship Steeplechase" to win panelling funds for Mill Creek.

"Snow Hill" in Canada

The Bill Martins, whose "Snow Hill" home overlooks the great Maryland Hunt Cup setting, are in Canada with Tommy Leiter searching for snow hills and skiing slopes. Both Bill and Tommy had to get special dispensation from draft boards to leave this country on a mission involving such personal risk.

Maiden Races at Hunts

Richard Wallach, who secretaries the Sandhills and Deep Run Hunt Meetings, and possibly others, has arranged a series of maiden subscription races, similar to the ones run at the big tracks, Pimlico, Delaware and Belmont. This series will presumably commence at Sandhills and take place at Aiken, Camden, Deep Run and Middleburg. Complete details will be found in next week's issue.

Virginia Frozen Fast.

Piedmont Hounds went out on last Tuesday, January 14, when they met at "Grafton Farm," and other than that, there has been no hunting with Northern Virginia packs since this date. Sleet and rain which froze on touching the ground, has made the going impossible. The thermometer ranged from 12 to 16 at nights and the sun failed to warm the surface to a thaw. Despite Old Dominion inactivity, hunts throughout Pennsylvania are reported to have gone regularly and continue to hunt under conditions not attempted in Virginia.

Horses in Camden

James E. Ryan went south with some 18 horses by train and Mercer vans taking 10. There in Camden S. C. also are some 28 'chasers of F. Ambrose Clark's, under Grainger Gaither's training; 17 of Mrs. F. Ambrose Clark's, under Dolly Byers' management and 7 of Mrs. Reginald Sinclaire's with Billy Hayhurst doing the job.

Mrs. Kellogg has *Fanar

Just back from Jamaica, Mrs. Dorothy V. Kellogg is at her Keystone Farm, near Princeton, N. J. There she stands the beautiful grey ***St. Elmo II,** son of **Pharos.** When she returned from Jamaica, she brought with her ***Fanar,** a big, liver-colored chestnut, with great scope, quality and bone, also a son of **Pharos** and out of **Camouflage,** daughter of **Picton.** ***Fanar** will either stand in New Jersey or Virginia. The decision on the location of his court will be made this week.

Virginia Breeder Heads

Walter Craigie, writing in a Richmond paper, bemoaned the inactive state of Virginia Breeders, imploring this body to set up an active organization to further the Virginia-bred cause. Mr. Craigie pointed out that David N. Rust, Jr., master of the Rock Ridge Farm near Leesburg, where stand ***Gino, Time Maker** and **Charley O,** would make an ideal, energetic head for a Virginia Breeders Association. He also pointed out that youth and enthusiasm would be an essential benefit to such a body and that none other than Colin "Sandy" MacLeod, Jr., who operates a thoroughbred nursery at his "Huntlands Farm," near Middleburg, would be an able executive.

Ned King Hackney Sec'y.

Ned King, who so ably manages the National Horse Show, was elected secretary of the American Hackny Horse Society at a meeting held on Thursday, January 9. William B. MacColl of Bristol, R. I., was elected President; Mrs. William P. Roth of San Francisco, Calif., and James B. Johnson, Jr. of Detroit, Mich., were elected Vice-Presidents. Lewis M. Gibb of New York, is Treasurer.

Jack High-Caruso-Teddy Weed

Clarence McGill is both trainer and manager of William H. La Boyteaux's Hop Creek Farms, near Holmdel, N. J. There stand **Jack High, Caruso** and **Teddy Weed,** and there's a band of 30 mares at Hop Creek, including **Caricature,** dam of **Pagliacci,** who is blind and has as a companion a jinny mule. The night she's about to foal, she drives the jinny out. **Jack High** and **Caruso** are both big, little horses, standing little more than 15.1 but having great length from hip to hock. **Teddy Weed** is a big 16.3 hand, black son of ***Teddy,** whose first season at stud was after racing at Hialeah in the winter when he got 9 foals from 10 mares. All these sires have splendid dispositions. Their quarters and paddocks are as fine as there are to be found in the United States. An inside breeding room of about 20X40 feet separates two of the stalls, while **Jack High** and **Caruso** have big boxes across an aisle and they live placidly within sight of each other.

FINE OPPORTUNITY

pend on importations from other parts of the country.

The consequence is that there are now standing at stud in California a large number of stallions, many of them race horses of the highest class, but with very few exceptions unproven as sires of high-class horses.

The same situation to a lesser degree may be said of our mares. As a matter of fact, we are shorter on high-class mares than we are on stallions.

Recently the Horse Racing Board, which has the job of administering the Racing Law, has made a regulation that a horse to be eligible for races for California-breds must be the produce of a mare serviced in California and which has remained in California "permanently." No one seems to know quite what "permanently" means but it is generally supposed to mean that the mare must r main continuously in California from the time of service until the foal is dropped.

This regulation means that no one can import into the state a mare in foal to a proven sire and be able to compete for the rich stakes now offered for California-breds. Likewise, no one who is able and willing to send a mare to a proven sire standing outside the state can compete for such stakes.

It means that we are cut off from the best proven blood in the country insofar as California-bred races are concerned and unless some proven sire is brought here or one of our high-class stallions from the racing point of view proves to be a great stake horse, the rich stakes for California-bred horses will be discontinued or they will be cut down in value or they will be competed for by horses worth only a fraction of the stake for which they are competing.

It seems to me a most short-sighted regulation but perhaps the Horse Racing Board will see fit to withdraw this ruling upon giving the matter further thought.

There are no physical reasons why we cannot breed as good horses in California as are bred anywhere. The record of the past sustains this view and if space and time permitted I could give you examples of top race horses, standard bred horses, show hunters, working hunters, and polo ponies, all bred in California.

Racing as now conducted goes on all the year. At the major tracks—Santa Anita, Hollywood Park, and Golden Gate (which owing to bad weather has not yet opened) purses are large and there are many valuable stakes. In other words, there is every incentive to breed high-class race horses.

All we need is the assurance that racing will be continued at its present high level and that the breeding industry will be allowed to develop without the kind of crippling limitation to which I have referred.

In The Country

Continued from Page Twenty-five

Five Hours' Riding

Maj. Henry L. Leonard, who has a number of English imported thoroughbreds on his Elkhorn Farm, near Colorado Springs, Colo., writes that his horses are doing handsomely, that "the weather is perfect, from 40 to 65 degrees, lovely sunshine and everything combining to make 5 hours a day of riding all that one could desire."

Monmouth County Youth

Hunts throughout the country are getting more youth conscious—junior hunt minded. Monmouth County recently created a Junior Hunt Committee, headed by Bourne Ruthrauff, chairman. Members include Anne Haskell, Nancy Heller, Elizabeth Knapp, Florence Ruthrauff, who is secretary and treasurer. They recently put on a treasure hunt on a Sunday, on horse back. They netted $85. A fine hunting thong, donated by Billy Wright of Bedminister Manor, N. J., was won by Mrs. Amory Haskell and Amory Haskell, Jr. Tom Field and Billy Foales mounted many without charge, all for the benefit of the panelling fund. The committee even goes out and builds panels themselves.

Gonfalon In N. J.

The 19-year-old **Gonfalon**, son of **Pennant—Bonnie Broom** by **Whisk Broom II**, is getting hunters. Now he stands at Jane Esther Henderson's "Jane's Place" near Tinton Falls, N. J., having returned from Delaware. W. W. Vaughan, master of Oak Glen Farm, near Red Bank, N. J., used to stand **Gonfalon** for $200 for a live foal. **Gonfalon** got **Gonsal** out of **Refusal**, who traces back to ***Ogden**. This mare bucked when raced and never showed speed thereafter. Out to the hunting field she went and then some years later she was bred to **Catalan** to have a yearling now. In foal to **Catalan** again, **Gonsal** will go to the court of **Neddie** this spring to get the old Whitney bloodline cross, with a son of **Pennant** on the dam's side and the **Broomstick** in both mares and **Neddie's Commando—Domino.**

Purple Knight's Court

Mrs. Robert H. Heighe's 8-year-old stakes winner **Purple Knight**, is making this season at stud at her Prospect Hill Stud near Bel Air, Md. According to Paul Weaver, manager, the son of ***Bright Knight—Marsh Violet**, standing at $100 has filled his book of 20 mares, 15 outside and 5 on the place.

Mr. Armstrong Has 20 Mares

F. Wallis Armstrong, the master of Meadowview Farms, up near Moorestown, N. J., where stand ***Easton, John P. Grier** and ***Mont Blanc**, vowed he would never have more than 10 mares at his thoroughbred nursery. He advised that his broodmare band numbered 20 in a recent telephone conversation. ***Easton** was imported this past year and the "fine acquisition to American bloodstock" is a 9-year-old son of **Dark Legend—*Phaona**, by **Phalaris** and stands for a fee of $1,000.

Miss Rumsey's Exhibition

Mary Rumsey of New York, and mistress of Grasslands Farm, near Middleburg, Va., where she has a number of mares and where she raised the full brother to **Quizzle**, a **Milkman—Question**, by **Fair Play** colt, now in training with Thomas Rodrock, has had an exhibition of her paintings announced by the Grace Horne Galleries in Boston. The exhibition of her 24 works, "clarified expressions of a gifted painter", opens on January 20.

Snap Lawson Smashed

Snap Lawson, good rider and trainer of Mrs. Mary Elizabeth Whitney's 'chasing string, now in Agua Caliente, was badly hurt in schooling **Hero Worship** last week. Telephone advice first came from John Riticor. Doctors later told of broken ribs and a pierced lung. Snap had a string of 6 in training for jumping efforts there, including **Green Cheese, Irridescent** and the above-mentioned grey son of **War Hero, Brave Bonnie** and **Hard Lot**. It is said that Arthur Preece will take charge of these horses. Mrs. Whitney's other horses at Caliente are **White Rose, Chief Powhatan, Enthusiasm**, 2 polo ponies, **Pocahontas** and good old **Nip**, the faithful dock-tailed, open-jumper, hunter and coach horse leader.

Flying Ebony's Average

An interesting and excellent record is that of **Flying Ebony** by **The Finn** out of **Princess Mary** by **Hessian**, standing at Charles E. Perkins' Alisal Ranch at Santa Barbara. To the end of 1939 **Flying Ebony** has produced 211 foals, 41 of which have failed to race for varying reasons. The money winning average of all 211, is $4,054 per produced foal and for the foals that actually raced it is $5,029. Among others **Flying Ebony** is the sire of such good stake winners as **Dark Secret, Flying Heels, Vicar, Vicaress** and **Ebony Lady**, etc.

Middleburg Point-to-Point

Down at the C. M. Crouch farm, where stands that good horse **Secret Agent**, who begets race winners as well as hunters, the Middleburg Point-to-Point will be held again this March 29th. Daniel C. Sands, master of Middleburg Hunt, announced his Point-to-Point Committee of Jack Skinner, Crompton Smith, Newell J. Ward, Jr., Gerald B. Webb, Jr., who will meet this week to decide upon conditions and other details. The Crouch farm was the successful setting of the 1939 fixture, when Mrs. Turner Wiltshire scored a double with **Black Sweep** and **Kingsland.**

Eask Mark By Woods

Visitors to The Chronicle's offices in Middleburg, have been impressed with the excellent likeness that Gurdon Woods, well known sculptor, has achieved in a miniature bronze head of **Easy Mark.** This son of the noted mare **Cleopatra** enabled The Chronicle to go afield and get winning rides and riding reports in at least four point-to-points in 1938 and 1939, and innumerable photographs in the hunting field. Mr. Woods is now at work on Christopher M. Greer, Jr.'s **Grumpy** and a number of other hunters in the Eastern States.

Chase's Middleburg Print

Ned Chase, horse painter, of Woodstock, N. Y., and Melville Stone, of The Sporting Gallery and Book Shop, are busy at getting out hand colored prints of the painting Mr. Chase did of the Middleburg Hunt establishment, Miss Charlotte Noland and Daniel C. Sands, joint-masters and hounds. This picture was greatly admired by many who saw it on exhibition at Foxcroft School at Thanksgiving time. Hoping to get some hunting in Virginia, where he has done a number of horses, Mr. Chase is being kept in the north, with orders for hunters there.

ROYAL BAGGAGE

Ch. h., 1930

ROYAL BAGGAGE is a worthy son of Bagenbaggage—Cassidy's Pride by Meleager. He is 16 hands 2 inches and has a cannon bone of 8½ inches. His get in Chester and Delaware Counties, Pennsylvania, are outstanding for size and substance. Results have been good when bred to half-bred mares for heavyweight hunters.

ROYAL BAGGAGE is owned by Mr. Thomas F. Simmons of Newtown Square, Pennsylvania, but is under lease to "Rhodesia".

COURT MANOR DISPERSAL

Continued from Front Page

getting winners here in Middleburg at William Hitt's Homeland Farm. Now, **Sun Beau,** greatest scion of the line, has taken up court at Christopher Chenery's The Meadow, near Doswell, Va., having already established himself as equally worthy to carry on in the stud as he did on the turf. With the closing of activities at Court Manor, three more sons of ***Sun Briar** went, along with **Sun Beau,** to stations in Virginia that should benefit by their presence. **Sunador** takes up duties this spring in the southwestern area, with court at Mrs. Fay Ingalls' Hobby Horse Farm, near Hot Springs. Fauquier County got the other two, **Sunpatic,** now the property of Washingtonian Clyde B. Asher, is standing at Archwood Manor, former court of Court Manor product **Dark Hero,** at The Plains, and **Sun Circle** is now situated in Warrenton where he will preside over the newly established Duhallow Farm of Miss Mary Maxwell.

Though New Jersey breeder W. W. Vaughan's purchase of **Neddie** at Court Manor took that worthy son of **Colin** from Virginia fields, the state was fortunate in retaining Mr. Kilmer's sensational young sire ***Gino,** who proved such a successful nick with ***Sun Briar** mares. ***Gino** makes his new home at David N. Rust's Rockridge Farm, along with **Time Maker** and the recent acquisition from Kentucky **Charley O.** Limited space does not permit discussion of even a considerable portion of Virginia's proven sires. One could write at length on Montana Hall's **Pilate,** who ranks 13th among the nation's 20 leading sires for 1940 with winners of over $100,000; or one could enlarge on the numerous winning progeny of **Westwick,** who shares court with **On Watch** at Dr. J. P. Jones' Inglecrest Farm near Charlottesville. Suffice it to say that, with these and such others as Brookmeade Farm's **Psychic Bid;** Blue Ridge Stud's ***Happy Argo,** William H. Lipscomb's **Dunlin,** High Acre Farm's **Grand Time,** Daniel C. Sands' **Prince of Wales,** of night matchless breeding, along with all those others too numerous to list, Virginia has much to be envied and needs not further additons to her sire list, but rather an equally balanced infusion of good producing mares.
